INTENDED USE

The product is intended exclusively for mounting and storing the control unit and Type 2 plug of an EV charger. **Do not use for any other purpose.**

INSTRUCTIONS FOR USE

1

Select a suitable installation location.

2

Secure the holder using the screws and wall plugs provided.

3

Place the control unit in the holder.

4

Place the Type 2 plug in the holder.

5

Check that the holder is securely mounted.

SAFETY WARNINGS

- Do not overload the holder.
- Do not use a damaged holder.
- Do not modify the product.
- Install only on a stable surface.
- Regularly check that the screws are securely tightened.
- Keep out of reach of children.

GOOD TO KNOW

- Helps keep the charging cable organized.
- Protects the control unit and Type 2 connector from dirt.
- Suitable for garages, carports, and installation on exterior walls.
- The product is placed on the market in accordance with the requirements of Regulation (EU) 2023/988 (GPSR).
- Made of durable ABS plastic.

MAINTENANCE

- Regularly check the condition of the holder.
- Clean with a dry or slightly damp cloth.
- Protect from strong mechanical impacts.
- Do not use aggressive chemical cleaning agents.

STORAGE

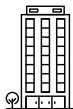

- Install on a stable surface.
- Recommended installation height: 80–120 cm above the ground.
- Store in a dry place.
- Protect from mechanical damage.

DISPOSAL

Dispose of the used product at an appropriate waste collection point in accordance with local regulations.
